

Streamlit app test (28-06-2024)

Make a streamlit app which have title, button, slider and image with caption below it.

```
test.py M X
streamlit > test.py > ...
1 |
2 | import streamlit as st
3 |
4 | # Set the title of the app
5 | st.title('My :green[Streamlit] App')
6 |
7 | # Button
8 | if st.button("Click Me!"):
9 |     st.write("Choose your lucky number!")
10 |
11 | # Slider
12 | slider_value = st.slider("Select a number", 0, 100, 50)
13 | st.write(f"Your lucky number: {slider_value}")
14 |
15 | # Display an image with a caption
16 | st.image("images.png", caption="deploying", width=500)
17 |
```
